 GERALDINE FENNESSY W30  
 MANDI COLE W35  
 JUNE REEVES W45  
 ELVIRA PETRACCA W30

Recording Notes.

After competition all results are verified and any missed rounding up of times are corrected.

As all times are hand timed, hundredths are not accepted, so the next slowest tenth becomes the official time.

Examples :- 100m 15.89 = 15.9 1500m 5.21.47 = 5.21.5 5000m 17.45.01 = 17.45.1  
 15.91 = 16.0 5.21.96 = 5.22.0 17.59.92 = 18.00.0

To have 100ths accepted, the timing must be 100% automatic. That is, the photo/video timer is started by the Starters Gun and the finish is recorded the photo/video timer. In this system false starts are recorded electronically from wires attached to the starting blocks.

( A 5km road run would have the times rounded up to the next full second ie 17.45.01 = 17.46 This rule is applied to all road runs)
