### VICTORIAN MASTERS ATHLETICS INC.

### 1. RISK MANAGEMENT

#### WHAT IS IT AND WHY DO WE NEED IT?

In recognition of current statutory and OH&S requirements, the inherent hazardous nature of the Venues' activities and the desire to enhance the wellbeing of their members and visitors, the Victorian Masters Athletics Inc. has implemented the following Risk Management Policy. This policy should be kept in the Venues as a ready reference for incident response as well as an essential planning tool for Venues' activities.

#### 2. GENERAL STATEMENT OF POLICY

| This poli | cy was | adopted b | y the Cor | nmittee | of the | Victorian | Masters | Athletics | Inc. | at a | meeting |
|-----------|--------|-----------|-----------|---------|--------|-----------|---------|-----------|------|------|---------|
| held on   |        |           |           |         |        |           |         |           |      |      |         |

VMA Inc. recognizes the need to ensure the minimization of the potential risk to members and visitors which may occur as a result of their participation in the activities of the Venues.

It is important to the overall enjoyment of the Venues that the potential areas of risk be identified and controls put into place to reduce the possibility of injury.

This policy is also designed to provide confidence for Venue Managers and other Officials in their administrative roles within the Venues- Nothing in this Policy is designed to restrict the enjoyment of members or visitors participation in the activities of the Venues.

The purpose of this Policy is to-:

- Reduce the risk of injury.
- Protect the venue and visitors in the event of action being taken against the Venue Manager, other Officials or individual members.

## 3. DISCLAIMER

Victorian Masters Athletics Inc. Has produced this document to assist in the identification and management of Risk, but recognizes that it is an evolving document which will to be regularly reviewed.

The document suggests a number of important areas that should be covered in order that a safer environment may be provided for members and visitors who attend a Venue.

While every effort has been made to ensure that the issues related to the risk management within Venues have been addressed, it is recognized that "Risk" will be, in most cases, dictated by the capabilities and personal choices of each member or visitor, and as such each member or visitor will be in the best position to establish their own personal risk profile for various activities.

The Venue Management Committee will attempt to provide a safe environment for locations where venue activities are held, but this does not negate the responsibility of members or visitors for their own safety, and a duty of care for others.

#### 4. RISK IDENTIFICATION REGISTER

Likelihood of occurrence is evaluated in terms of:-

A-almost likely to occur

- B-A better than even chance of occurring
- C- An even chance of occurring
- D- A less than even chance of occurring
- E- Unlikely to occur.

# A] Athletic Activity

| Activity                      | Risk                              | Likelihood |
|-------------------------------|-----------------------------------|------------|
| Competition Preparation       | Lifting heavy weights             | В          |
| Competition in general        | Inadequate preparation            | <u>C</u>   |
